The Crown Inn has a good relationship with LightQuick Web Design. We created the Crown Inn's main website using traditional HTML technology but it is such a nice and unique site that we still like to demonstrate it. This site shows that if you require a completely unique site that is not based upon any existing template then we can do it for you using traditional HTML techniques.

The following image shows the simple but traditional design in keeping with the image of the Crown Inn. The page follows standard web practice having two navigational menus, one to the left hand side of the page and one javascript top menu, with drop down sub-menus. The main page shows The Crown Inn's quaint exterior whilst the pages within the site show the pub's cosy interior.

Please click on the image below to visit the actual pub site.

We use the following information on The Crown Inn's Landing Page to ensure that the content is relevant to the google search terms likely to be used by the potential googling customer. Search engine friendly tools are in place to ensure that Google finds the Crown Inn and to help place it near the top page of Google.

The Crown Inn pictured in the beautiful Oxfordshire village of South Moreton - a traditional family pub with two lovely beer gardens. In the surrounding countryside there are lovely walks both to and from the pub. Our beer will satisfy any hill-walker who is a real ale drinker. To satisfy your hunger our Sunday lunches cannot be bettered, epitomising the idea of the "Full English Roast". Our daily menu is extensive and anyone who has tried our speciality

dishes will know that they are enormously satisfying and very tasty indeed. We are a pub that takes pride in serving you in the style of a traditional English pub whilst giving you the service you expect from a quality restaurant. A roaring log fire in Winter makes this a cosy place to spend an evening. A fine beer garden and patio make the Crown the perfect place to spend a Summer's day. Join us at the Crown for a good pint and some fine food.

A very limited amount of search engine optimisation is in place for the Crown Inn. Simply an optimised content and tags.
